PRINCE 2™ Information

PRINCE2 General Information

PRINCE2™ is a process-based approach for project management providing an easily tailored and scalable method for the management of all types of projects.

The method is the de-facto standard for project management in the UK and is practiced worldwide. The continued international development of PRINCE2™ examinations, training and course material is contributing significantly to the recognition of PRINCE2™ as a truly international standard. More and more people are having the opportunity to benefit from the training courses and qualifications that are available worldwide.

Project Skills Solutions offer Prince 2™ courses with the options for public or in-house delivery. Public courses allow individuals or companies cost effective options on a range of courses and locations throughout the UK. These courses are scheduled to run at least once per month.

Full advice is offered in assisting clients with selecting the correct course and cost effective options.

Course Location

PRINCE2™ public courses are currently offered in the following locations:

- Essex
- Cambridge
- London
- Leeds
- Liverpool
- Manchester
- Preston
- Sheffield

What's Included?

All courses are based on the 2009 version of the PRINCE2™ manual and are accredited through OGC (formerly CCTA). The price of the course includes the examination fees and manual.

PRINCE 2™ Overview Training Course

Course Overview

Participants will acquire and insight into the process-orientated approach of the PRINCE2™ project method and the value to using it for implementing projects.

Course Content

The following is covered during the course:

- The relationship between the business case, programmes and projects
- Overview of the PRINCE2™ processes, components and techniques
- PRINCE2™ view of the roles within a project
- Risks and critical success factors for a project

Course Objectives

Following the completion of the course participants will be able to:

- Describe the underlying principles and the primary processes of the PRINCE2™ method
- Identify and describe the roles and responsibilities of the participants in a PRINCE2™ project
- Access the contribution of the method to achieving business objectives
- Assess the value of the method to their organisation

Prerequisites

It is desirable but not essential that participants have some experience working on projects. Some pre-read material is provided prior to the event and is expected to be fully read before attending the course.

Who Should Attend?

New Project Managers, Team Managers, Supervisors, Resources, Project Support Staff, Project Administrators or anyone beginning working on a PRINCE2™ project. It is also for delegates who are providing direction to projects.

Please note that APM require every candidate's identification to be verified by the examination invigilator. You may be required to produce some photographic identification before being allowed to take the exam.

DURATION

1 Day

QUALIFICATION

Certification from
APM Group
Effective 5 years
